

**SAD SAMBA** - Original melody by Grover Washington Jr. Lyrics by Meagan Maria Devauld 2017

VS: I'm troubled in this world of tragic demise  
where others truly cannot open their eyes  
I found my true love crying 'neath the stars  
and together we fall into each others arms

CH:

All I need to go on, It's in your love  
(And) it just cannot be wrong, if it's your love  
If there's one place I belong, it's with your love tonight  
All I need to go on, It's in your love  
(And) it just cannot be wrong, if it's your love  
If there's one place I belong, it's with your love tonight

VS: After all this struggle how we've come so far  
thought we wouldn't make it, but here we are  
Straight ahead I see a thousand stormy skies but I know  
We'll see it through and together we will survive

CH:

All I need to go on, It's in your love  
(And) it just cannot be wrong, if it's your love  
If there's one place I belong, it's with your love tonight  
All I need to go on...  
(And) it just cannot be wrong, it is your love  
If there's one place I belong, it's with your love tonight

CORO:

It's in your love...yeah yeah  
All I needed ...All I need to go on x2  
It's with your love.. right where I belong  
It's in your love...yeah yeah  
All I needed ..oh whoa  
It's with your love.. right where I belong  
It's in your love

END: Hasta Madruga' de ti yo sigo enamorada x2
