

MI EXISTENCIA —
2017

written by Meagan Maria Devauld copyright

Rumba flamenco feel

VS: Why are we trapped in this place we see
burned to the core wondering if there's something more
When all the tales that we heard
spoke of another world
one in which the songs that we sing
a time of peace will bring

CH: Que diga mi gente “no queremos nada mas
de la violencia oye mi compás
no puede ser vida cuando todo me robas
en mi existencia este es mi compás”

VS: I've heard of a way for how we can live today
that cannot be told, but maybe we can be shown
by living in the light of the divine
jump up, let your spirit fly
and soar into the clouds up above
where you only live in love
